Columbia, South Carolina 29210

RE: South Carolina Electric & Gas Company
Notice of New Natural Gas Construction Project

Dear Ms. Boyd:

South Carolina Electric & Gas Company ("SCE&G" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") and the South Carolina Office of Regulatory Staff ("ORS") of natural gas construction projects with costs of \$500,000 or more. See S.C. Code Ann. Reg. 103-412.2.7(A). In compliance with the regulation, this letter serves as notification to the Commission that SCE&G plans to install approximately 52,000 feet of 8-inch steel natural gas pipeline starting at the Summerville Town Border Regulating Station on North Main Street in Summerville and ending at Highway 176 near Cane Bay Boulevard in Summerville. The project will provide the necessary system flow to serve new residential, commercial and industrial customers in the Nexton and Cane Bay developments.

SCE&G anticipates that construction will begin October 2018 and that the total cost of this construction project will exceed \$500,000

By copy of this letter, we are also notifying the South Carolina Office of Regulatory Staff of the Company's planned construction project.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

Matthew W. Gissendanner

MWG/kms
